The Biomedical Engineering Department at Bucknell University seeks quality applicants for an open-rank visiting faculty position to begin August 2018. The position may be extended beyond one year; reappointment would be subject to need and satisfactory performance.

We anticipate the need for faculty with teaching ability in multiple areas of biomedical engineering to support a curriculum containing courses in bioinstrumentation, signals and systems, medical imaging, biostatistics, biomechanics, biomaterials, biotransport, computing and medical device design. We seek individuals with enthusiasm for teaching and the ability to communicate complex technical topics to undergraduate students. Evidence should be provided regarding the ability to teach a broad range of biomedical engineering subjects in classroom and laboratory settings. Candidate applications should identify specific courses that match their expertise and interests.

A successful candidate must be ABD or have a Ph.D. in biomedical engineering or a closely related engineering discipline at time of appointment. Clear evidence of the potential for teaching excellence is essential, and a strong interest in continued professional development is expected.

As an Equal Opportunity Employer, Bucknell University believes that students learn best in a diverse, inclusive community and is therefore committed to academic excellence through diversity in its faculty, staff, and students. We seek candidates who are committed to Bucknell’s efforts to create a climate that fosters the growth and development of a diverse student body, and we strongly encourage members of groups that have been historically underrepresented in higher education to apply.

Applications must include a cover letter, a teaching statement (no more than 2 pages), a professional development statement (no more than 2 pages), and a current C.V. Applicants will provide references upon request. Applications will only be accepted online through Bucknell's career site (careers.bucknell.edu) and they will be reviewed beginning on May 15, 2018 in the order in which they are received until the position is filled.

Bucknell University is a private, highly ranked, national liberal arts institution that also offers strong professional programs in engineering, business, education, and music. Located in Central Pennsylvania along the Susquehanna River, Bucknell is nestled in the Borough of Lewisburg, an architectural gem that has been ranked as one of America’s best small towns. The Lewisburg area offers a unique combination of outdoor recreation opportunities, and appealing amenities such as art galleries, an art deco theater, historic museums, and charming independent boutiques and restaurants. In addition to the many cultural and athletic events offered by the University and the Borough, the surrounding region offers outstanding schools, medical facilities, and an affordable cost of living. Bucknell is located in central Pennsylvania and is within an easy three-hour drive to Philadelphia, New York, Baltimore, and Washington, D.C.
