EMPLOYMENT OPPORTUNITY

Postdoctoral Fellow

Position Description:

This position is located at the Institute for Mental Health Policy Research at the Centre for Addiction and Mental Health (CAMH), London, Canada. The postdoctoral fellow will be part of research projects examining gambling using a public health framework, evaluating the impact of online gambling availability and conducting research related to problem gambling prevention. The candidate is expected to demonstrate enthusiasm about participating in multidisciplinary research and training activities. This includes working collaboratively with other members of the department, CAMH staff, and external stakeholders. The successful candidate will support a healthy workplace that embraces diversity, encourages teamwork and compiles with all applications and regulatory requirements. This position is located in London Ontario.

Qualifications:

The job requires an excellent understanding of epidemiological research methods, and a Ph.D. in Public Health, Health Studies, Psychology, Sociology, Epidemiology or a related field. The successful candidate will possess with an excellent understanding of advanced statistical modeling, and a proficiency in quantitative methods, including the ability to conduct high level statistical analyses, such as multivariate approaches. Strong skills in the use of advanced statistical software (e.g. STATA, SAS) are required. The successful candidate will demonstrate ability and experience in all stages of research, including expertise in research design, the management of research projects, and report writing. The successful candidate will be expected to prepare manuscripts for publications in peer reviewed journals, and provide support in the submission of grant proposals to external funding agencies. Experience conducting research related to gambling is not required but is an asset.

The candidate should have experience working in a highly team-focused environment with multi-disciplinary team members from diverse backgrounds. The ability to collaborate effectively with colleagues, decision makers and the scientific community is required. Other requirements include: sound judgment, negotiation skills, problem solving, networking and partnership building skills; commitment to high quality work and attention to detail; and excellent communication skills (written, and oral).

The postdoctoral fellowship is until March 31, 2019 (with possible extension) and carries a competitive stipend. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent
residents will be given priority. An application should include an application letter, curriculum vitae, a research paper and contact information for three references. Review of applications will begin on July 6, 2018 and continue until the position is filled.

**Applications should be sent to:**

Centre for Addiction and Mental Health  
c/o Postdoctoral Research Fellowship
